

hemopoietic system	nervous system	motor system	sensory system
bone marrow	cerebral cortex	cranial nerves	nerves
reflexes	spinal cord	spine	spleen
thrombocyte	trigeminal nerve	anxious	mental status and speech
migraine	nervous	numb	tremor
electrocardio- gram (ECG, EKG)	neurological examination	neurosurgery	Alzheimer's Disease
anemia	aneurysm	cerebral concussion	cerebral hemorrhage
cerebral palsy	coma	dysphemia	heatstroke
hemorrhage	hemorrhoid	ischemia	multiple sclerosis

Parkinson's Disease	paroxysmal	seizure	sickle cell anemia
stroke	traumatic brain injury	neurologist	blood transfusion
bone marrow transplant	iron supplement	mineral/vitamin supplement	blood type
collapse	convulsion	gauze	licensed practical nurse (LPN)
mortuary	neurology	pallor	pigment/ pigmentation
resident	serious condition	shock	spasm
specific	tourniquet	trauma	crani(o)-
hemo- hema-	neuro- neuri-
